## M.D.C SEWERAGE TO BE ASKED

### TM ASKS FOR VOTE ON SEWERAGE

Town Manager Joseph Courtney is requesting, in the Special Town Meeting of August 8th., a vote on the sewerage question. Virtually set aside in the annual Town Meeting of last spring, on the request of the TM, he is now asking that the town accept Chapter 399 of the Acts of 1954, of the State Legislature, which acceptance by the town would place Wilmington within the North Metropolitan Sewerage District.

At the same time the town is to be asked to vote for a temporary connection with the city sewer of Woburn, for limited service, and to enter into a contract with AVCO, for reimbursement, or partial reimbursement of the costs of constructing the sewerage trunk up Woburn Street, Brentwood Avenue and Woodside Avenue, together with necessary pumping stations and other accessories.

### LITTLE LEAGUE DEFEATS BURLINGTON

Wilmington strong striding Little League Tournament team was all set, Wednesday morning to face an equally strong Assabet Valley team, on the Wilmington field.

Wilmington defeated Burlington Monday evening, as Assabet defeated the Woburn Nationals.

Wilmington's Tournament team defeated Burlington, the hard way, Monday afternoon, at the Wilmington Little League Park. The game was a tight one, and not one player on either side succeeded in hitting a two base hit - or more.

Dave Fuller, Wilmington's 2nd baseman scored two runs, to lead his team in scoring. Other runs were scored by Tommy Grant, Jimmy McMullin, John Cavanaugh, and Ken Sugarman. Burlington's four runs were scored by Joe Souza, Al Cronin, George Bennett and Eddie Nolan. The game saw everyone of the fourteen players in the Wilmington team playing.

Ken Sugarman, the Pee-wee Squatter of the Wilmington team scored two hits, for two times at the bat.

The tying run was scored by John Cavanaugh, third baseman. He was walked by Eddie Nolan, the Burlington pitcher. He went to second on a wild pitch to third on a passed ball, and scored on a throwing error by Burlington's second baseman, after a wild pitch. The noise from the stands could be heard in Wilmington square as Cavanaugh crossed the plate.

Jimmy 'Watermelon' McMullin, the Wilmington pitcher, not only pitched the whole game, but he closed it up in grand style, closing the game finally and definitely by putting down in order the last six players.

Eddie Nolan, a big boy, Burlington's pitcher became tired in the fourth inning and had to be relieved, after two outs. He struck out three, and walked six.

### ST THOMAS CYO CONCLUDES SEASON BY WINNING TWO OUT OF THREE

St Thomas CYO, Wilmington's only organized Junior team, defeated St Patrick's of Stoneham, 9-5 and St Margarets of Burlington 5-1; then bowed to league-leading St Mary's Melrose, 9-6 in the season's finale.

In the St Patrick fray, Joe Peters doubled in the first inning with the bases loaded to get the home team away to an early lead. Steady pitching and good fielding kept St Patrick on the short end despite seven hits.

Against St Margaret's of Burlington, Johnny McCabe scattered five hits in going the route. Fred McAndrews, Al McDonald and Bill Ethier had two (cont. on Pg. 4)

### TM TO SPEAK AT SLBA NEXT MONDAY EVENING

Town Manager Joseph Courtney is to speak at the Silver Lake Betterment Association Hall, on Monday evening.

Mr. Courtney is to discuss the warrant for the coming town meeting, with special emphasis on the off Glen Road School.

James M. Shine, President of the SLBA will preside.

### HOUSING AUTHORITY AGREES TO CHANGES IN SELECTMEN'S RESOLUTION

The Wilmington Housing Authority has agreed to make certain changes in the Resolution for Urban Renewal, changes which are planned to meet the objections of the Board of Selectmen.

The Board of Selectmen had in part refused to sign a Resolution which stated that there was a need of Urban Renewal because of objections raised by Town Counsel Philip Buzzell, objections as to the legal authority of the Selectmen and their authority to make financial representations for the Town of Wilmington.

TM Joseph Courtney called the New York office of the Urban Renewal (Federal) authorities Tuesday, and a Mr. Madigan told Courtney that there would be no objection to a 'whereas' clause which would clarify the disputed points.

By vote of the WHA, their counsel, Melvin White, and TM Courtney will draft the 'whereas' clause, and submit it to the New York office, the Town Counsel, and then the Selectmen, for signing.

Without committing the Board of Selectmen TM Courtney told the Planning Board that he felt the necessary signatures can be obtained, probably within two weeks if the resolution is satisfactory.

### LOOKING FOR WATER

It was an ancient Mariner who stoppeth one of three.  
Thus began the old ballad which much later had the fam-  
ous phrase "Water water everywhere and not a drop to  
Drink".

Wilmington, perhaps by good fortune, and certainly  
in part by foresight has today an ample supply of water  
and in that circumstance is practically unique in the  
Commonwealth of Massachusetts. There is no need for  
the residents of this town to chant the old rhyme of  
Samuel Taylor Coleridge. With adequate storage facili-  
ties we would be in a wonderful position, considering,  
of course, that the town is about 45 percent swamp to  
begin with.

But nearby there are communities in need, and the  
need has led to a concentrated search for underground  
supplies of water. One of these searches is being con-  
ducted in the Ipswich River Valley, and a second in the  
old Merrimac River Valley.

About a million years ago, give or take a few years  
the Merrimac River went to the sea through what is now  
Wilmington. The Aberjona River Valley, in Woburn and  
Winchester is supposed to have been part of the old Mer-  
rimac River Valley, and then it went across Arlington,  
and to the sea near where the Boston City Hospital now  
stands.

Just how the old river went through this town has  
always been a question. We don't know, and we have  
searched for evidences. We are told (second hand) that  
when J. W. Greer was testing, before it started build-  
ing, that one of the test holes turned into a gusher.  
We know that Jack Mooney, of New England Gas Products  
searched their property, with numerous holes, but found  
no evidence, even though, at that time there was a sto-  
ry current that another underground river came down  
from near the Brown's Crossing Pumping Station and  
joined the Merrimac at about the place he searched.

The City of Woburn is searching for the old Merri-

mac River at the present writing, and for two supposed  
tributaries to it, and is also going through its re-  
cords of previous searches. From these records we note  
with surprise that near the Sylvania plant in North Wo-  
burn poor soil conditions were noted. We say we note  
with surprise for it was at the Sylvania Plant that Ken-  
neth Roberts reported that Henry Goss (Henry Goss and  
His Divining Rod) found an ample supply.

The engineering firm of Whitman & Howard are in  
charge of Woburn's search - the same firm that is as-  
sisting our Water Department in its planning. So far,  
we note, they have found many places with chlorides, or  
iron ore which makes the water unpalatable, and other  
places which are polluted, but no signs that we would  
take as indicating that they have found the old Merri-  
mac River bed.

The Ipswich River Survey is being conducted by the  
Department of Public Works of the Commonwealth of Mass-  
achusetts, and we are advised by Representative Frank  
Tanner that the study is not yet complete, and it is  
not know when it will be available for release.

### STATE TAX FUNDS

Readers of the Boston Globe, last Sunday, who ven-  
tured into the real estate section may have had their  
eyes opened by a writer named Leslie G Ainley. Mr. Ain-  
ley wrote what many would call an "eye-opener" about  
the distribution of state tax funds.

Wilmington was the second town in his list which was  
being cheated (roundly cheated was his phrase) in the  
distribution of state funds. Burlington, adjoining us  
to the westward had the unhappy distinction of being  
the first.

What Mr. Ainley was talking about was the 1945 tax  
formula, which has never been undated, in spite of the  
tremendous growth of the Commonwealth since that time.  
Originally it was supposed to be brought up to date ev-  
ery five years, but in the last few years municipal  
and state experts have given up hope of there ever  
being a change. Too much vested interest in maintaining  
the "status quo" they say.

It is a big problem, and we do not intend to go into  
it so deeply that we should have to write a book.

Back in 1945, when Wilmington had an assessed valua-  
tion of about \$4 millions, a formula was devised to aid  
towns and cities from state tax funds, coming principal-  
ly from the so-called Corporation Tax.

The Corporation Tax is money which is paid directly  
to the Commonwealth, by incorporated companies, on the  
machinery that they own. They pay a real estate tax on  
their buildings and land to the town or city in which  
they are located, and they pay a corporation tax to the  
Commonwealth on their machinery.

To use J. W. Greer, or any other company for an ex-  
ample. We don't know offhand just what taxes Greer  
pays, but say it is \$50,000 a year, to the Town of Wil-  
mington. This tax is for their building, and for their  
land. After they have paid this they have another,  
their corporation tax, which is on their machinery, and  
the money of the second tax goes to the Commonwealth.  
Then it is divided up among the towns and cities, ac-  
cording to the percentage of their assessments, compared

## TOWN NOTES

### Weather

There was nothing but grins,  
Saturday afternoon, when it  
finally started raining. We  
never saw people so happy, and  
they had reason to be, for we  
had the wet stuff coming down  
in bucketfull amounts. The  
rain started at 3:15 pm and  
stopped at 7:05 pm. The wind  
was northeast, and the temper-  
ature dropped from 85 degrees  
to 65 degrees during the rain-  
fall.

It was, technically speaking,  
our third rainfall of the week  
for there had been a .01 inch  
shower on Monday the 22nd and  
a more sizeable .12 inch show-  
er on the 25th. Our Saturday  
rain gave us 1.03 inches, or  
a total of 1.16 inches for the  
week.

The last time we had had a  
rainfall like that was on May  
11th., when 1.20 inches fell.

### But Not Everywhere

We spoke, in the item pre-  
ceding, of the 1.03 inches of  
rain that fell at the Brown's  
Crossing Pumping Station, last  
Saturday. We gave the weather-  
in detail.

Our reason is simple. It  
would seem that not all parts  
of Wilmington got the same  
rainfall, in fact we guess it  
was heaviest in North Wilming-  
ton.

If you can remember when the  
rain started, and stopped, at  
your home you will have a clue  
to how much rain you received.

Some of our friends, in var-  
ious parts of town insist that

**FIRST BAPTIST NEWS**

Preparations for what promises to be a most unique Vacation Bible School are reaching a climax as work crews of Wilmington Baptists are busily engaged in making alterations in Dr Miriam Hosmer's barn at 173 Church St, where the school will be held, starting this coming Monday, Aug 5.

Leaders of the Vacation Bible School are very enthused over the location because it will 'fit in' perfectly with the western theme of the school.

'Pioneering with Christ'. Miss Lois Bennett, director, and her enthusiastic staff will have Dr Hosmer's property which has been purchased by the First Baptist Church of Wilmington, as western as a Texas ranch.

The school is open to children and young people, ages 3-17 and will run daily, Mon-Fri from 9 to 12 noon, Aug 5-16.

There is no registration fee but Miss Bennett requests that any child be registered in advance by calling Jack Moore, OL 8-2214.

The Vacation Bible School will get a big send-off this Saturday morning Aug 3, with a big western parade. Any boy or girl is invited to participate dressed as a cowboy, cowgirl, or Indian and prizes will be awarded to the best costumes. Those with horses are invited to ride in the parade and there will be prizes for the best mounts too.

The parade will form at 9:30 at Dr Hosmer's and will begin at 10:00. The route will be from Dr Hosmer's to Adelaide St, to Middlesex Ave, to Main St, to Church St, and back to Dr Hosmer's.

All young people are invited to participate in the parade and Bible School regardless of their church affiliation.

was by Johnny DuCett, Center Fielder. He made two brilliant catches.

Their best offensive players were Chuck Curtin, 2nd baseman and Jack Hughes, shortstop. Each man scored two hits in three trips to the bat.

Mike Farrell, catcher for the Wilmington team made a valiant bid for a home run in the third inning. It was a sacrifice fly, which scored a run, and was caught by Johnny Souza. The Speed Merchant of Wilmington, Tommy Grant, stole three bases during the game, including a steal from third base in the first inning, to score Wilmington's first run.

Wilmington had six runs, one error, seven hits and eight men left on base.

Burlington had four runs, six hits, five errors, and four men left on base.

hits against the offerings of

Jim Paige.

In the last game against St Mary's of Melrose, the locals had no one to blame but themselves, as they gave away five unearned runs. They collected only five hits against three Melrose pitchers.

The locals thus ended the season with a record of six wins, seven losses and one tie to finish fourth in the CYO standing. This year's club was almost new, having only three veterans from last year's title winners. Towards the end of the schedule they began to reflect the many practice sessions that feature John Kennys coaching. Joseph Peters, Sr, was the scorer and Fr Regan the director.

## TOWN NOTES

(cont. fr. Pg. 2)

it didn't start raining until nearly 4 pm.

## The Kid Down The Street

Can you remember, quickly, what the first name is of some kid who lives a mile or two away? Quickly!

We tried to, a week or two ago. We had a story about Clyde McKaba, in this column, how he has bees, and hopes to make enough money to go through college.

The only trouble was that we couldn't remember his first name, and we called him Danny. Danny, of course, is his father.

Clyde is now one of the few youngsters in town who has set himself up as a blueberry merchant. Sells them at the front door, to passing motorists.

## All Gone!

Ed Sullivan and Walter Currier, the co-managers of Chisholm's Indians felt so bad about their boys coming out in second place, in the Little League games that they had a consolation party for the boys last Sunday, up in Eddie's yard.

As may be suspected, Mrs Sullivan and Mrs Currier were drafted for the occasion. The ladies will understand just what happened, even if this remark does go over the heads of some of our masculine readers.

Supplied for the party was 3 pounds of hot dogs and 4 of hamburgers, with appropriate rolls, 3 gallons of orange juice, 3 quarts of pickles, 4 large boxes of potato chips, a 25 pound watermelon, and 10 pounds of charcoal, for the fire.

When the 12 Indians who attended were through there was only a little charcoal left.

Everything else was All Gone! Of course the Indians had a little help, from a couple of Tigers and Yankees who invited in for the feast.

But that isn't all. To top off the party the boys took a swim in the lake, and didn't develop one single case of bellyache!

## No More Exercise

Not too long ago we noted a belief that the ladies in the Town Hall would probably be getting some exercise, climbing up on their desks to shut off the air-conditioning units.

They won't, at least any more. A switch was installed, Tuesday afternoon, at a level any one can reach.

## Fauna

Every now and then we note in this column an item about animals, perhaps in the mistaken belief that people like the beasts.

Our latest dumb friend, however isn't dumb. Its a parakeet who lost his way. He invaded the home of Mrs Di Campo Garden Avenue, down near King Street, and made himself to home, right in a cage.

On the other side of the picture we can report that Billy (Agreeable) Smith's cows provided a little action, about 4 am, one day last week.

Agreeable was called at that time, by some little boy on the telephone. 'Mr Smith' he said 'are your cows out?'

Smith tumbled out of bed, and looked out the window. No cows in the corral.

'I guess they are' he allowed. 'Then,' said the boy, it must be your cows that are eating in my father's garden.'

PROFESSOR GOODMAN SPEAKS  
AGAINST ZONING CHANGES

Professor William A. Goodman, the man who served as consultant at the time when the 'model' zoning law was drawn up for the Town of Wilmington has spoken out against proposed changes in the law, in the coming town meeting.

Mr. Goodman, and his associate Mort Braun attended the Wilmington Planning Board meeting Tuesday night.

Goodman told the Planning Board that it would be a mistake to make any changes at this time, opening up additional areas for housing in the 'Single Residence A' of 'B' zones.

When the new Zoning Law was being planned, he told the Planning Board, certain areas were designated as 'Rural' because of their distance from the center of town, and of their lack of facilities.

The plan was to have those areas already under development develop further. This is an essential move, he stated, in the economics of Wilmington. To open up new areas would add new problems, such as

water extension, streets, school problems, and other items which would add to the tax cost to the town.

Goodman pointed out that other towns have followed Wilmington's lead, since the 'Model' Zoning Law has been passed and have increased their lot

sizes to slow down construction in the state with zones for 60,000 feet or greater have been doing well, financially, during the past twenty years, Goodman pointed out. It is, he stated, the towns with the small lots which have the troubles with their tax rates.

to the rest of the Commonwealth.

In 1945 we had a \$4,000,000 assessment, and in the entire state there was a property valuation of \$6.9 billions. That meant that Wilmington had a little more than  $\frac{1}{2}$  of 1% of the total valuation, and it is on that formula on which we now get state tax refunds.

But today Wilmington has a valuation of over 16 millions, while the state has grown to \$8.6 billions. We have increased over 400%. We now have nearly 2% of the valuation of the Commonwealth.

Mr. Ainley states that we are 230% greater than we were in 1945. We didn't check that, but we note that he puts Burlington at 258%, and Billerica at 109%, and that he believes they are all being cheated.

Cities, he points out have remained more or less static, so that they really have gained, in terms of tax returns.

His article was a plea for a revaluation every five years, as the law intends, and it was well taken.

But there is also a credit side, which he did not point out. It is one of those "iffy" things, that might happen. In the case of Wilmington it might happen very soon.

If a town or city should join any of the Metropolitan District services, such as Metropolitan Water or Sewerage systems, under the present law, they would pay according to the 1945 valuation.

In the case of Wilmington, and MDC Sewerage, which is due to be discussed in the coming Town Meeting, the charges assessed against Wilmington could be very much lower than they would be if 1955 assessments were the rule.

We don't know how much less Wilmington is getting as a tax refund, as the result of the 1945 Assessment Law, neither do we know how much it will save if we adopt MDC sewerage, but we feel that if we don't make it all up, when and if we adopt the sewerage act, we will still make up a goodly portion of the money.

Of course, neither the MDC nor the City of Boston will be happy about it, but that's another story.

**POLITICS AS UNUSUAL**

By

*Out of the Corner of His Mouth*

I see where Mrs Gratecyk has resigned again, from the School Committee. That makes for a very unusual situation in Wilmington.

Ever since the Town Manager Plan hit this town there has been a song and dance on the part of certain people that Politics, as such is no longer a Free Bird.

Everybody has to get appointed to office is the War Cry, and if you ain't a friend you don't get appointed. A young fellow who wants to start off in Politics has to cotton up to the TM to get a town job cause he don't stand a chance of getting elected, right off. That's been the War Cry and maybe it's true, although it seems that every time Joe Courtney turns around there is another committee, so there should be plenty of appointments available.

Any way, with Mrs Gratecyk resigned there will be three people to elect for the School Committee, next March, unless the Town Fathers have a Special Election,

first. Jim Moore and Dudley Buck will be having their terms up, you may remember.

I hear tell that Jim Moore has declared he won't run again. I also hear tell that Dudley Buck isn't too interested in running, but that is in the rumor stage, and maybe it isn't so.

Anyway there will be two brand new openings, on the School Committee. and maybe three. Seems to me that any young fellow who wants to stick his neck out could get elected this year, without even asking the TM.

# WILMINGTON WINS IN FIRST ROUND OF PLAY-OFFS

## WILMINGTON ALL-STARS WON OVER THE NORTH READING ALL-STARS 5 TO 3

Saturday afternoon at the Wilmington L.L. Park.

North Reading's Williamson started off the scoring by blasting one out of the park with one on, but in the remaining innings No Reading succeeded in getting only 2 hits and one run off Wilmington pitcher Williamson, who went the distance. In the 3rd Wilmington's Kelmon smashed a double with 2 on and Grant another with one on, both hits driving in runs. The 3rd proved to be the big one for Wilmington with pitcher Williamson driving in 2 runs and MacMullen another, for a total of 5 runs on 4 hits. In the 4th and 5th Williamson allowed only one single and finished very strong by striking out the last No Reading man in the 6th. No Reading starting pitcher James was shelved in the 3rd with none out and relief artist Apperti came on to pull his team out of the inning and allowed only one hit and no runs for the balance of the game. An excellent crowd turned out to watch this first game of the playoffs and were thrilled by a display of brilliant ball-handling and baseball ability by both clubs. In other games in the first round of the District tournaments Assabet Valley eliminated Concord by a score of 5 to 4, Woburn Nat'l beat out Wakefield Nat'l 2 to 0, Winchester Nat'l over Stoneham Nat'l 16 to 2, Woburn Am. 6 Lexington Nat'l 1, Winchester Am. 6 Lexington Am. 5 and the game scheduled between Wakefield American and Stoneham Am. postponed to Monday night. By eliminating No Reading, Concord, Wakefield Nat'l, Stoneham Nat'l and both Lexington teams, the field is narrowed to Wilmington, Burlington, Assabet Valley, two Woburn teams, two Winchester teams, Wakefield Am. and Stoneham Am. By the time this printing reaches the public Wilmington and the other District teams will have played the 2nd and 3rd rounds and the field will be down to only two teams, who will play off at the August 2nd finals.

### AKELEY'S STUDIO INTRODUCES NEW PRODUCT

A new aluminum product, light and easy to handle, which does not rattle and has been used extensively by merchants and individuals in other parts of the country is being introduced by the Akeley Studio of Tewksbury.

The small size auto sign attaches to the bumper, and is easily removable. It requires no tools or skilled labor and can be attached or removed even by a child. It is equipped with curled edges, and temporary signs can be installed by the car owner. It was originated in Illinois and its use has been spreading to other parts of the country.

The Ray Akeley Studios, on Hill Street, in Tewksbury are the only local representatives. (See his advertisement with photo elsewhere in this paper).
